The line-up of games for the **Leftfield Collection**, the indie showcase that shines a light on games and projects that do things a little differently, has now been selected and you can find the full list below.

Thanks to sponsors **SEGA**, visitors to **EGX Rezzed 2018** will be treated to an array of challenging, interesting and even downright weird games. Games like **Double Kick Heroes**, a shoot 'em up / rhythm game hybrid, and **Before I Forget**, a narrative exploration game about a woman with dementia. Here's the complete list of games for this year's Collection.

- **ABOVE** by Mighty Moth
- **Annwn: The Otherworld** by Quantum Soup Studios
- **Before I Forget** by 3-Fold Games
- **Bitsy Boutique** by Mark Wonnacott & various Bitsy authors
- **Blind Drive** by Lo-Fi People
- **Bury me, my Love** by Bury me, my Love The Pixel Hunt, Figs & ARTE France
- **Bushy Tail** by Fuero Games
- **Double Kick Heroes** by Headbang Club
- **Haiku Adventure** by Small Island Games
- **In Other Waters** by Jump Over the Age
- **Islid** by Aaron Oldenburg
