Sloppy Forgeries

by Playful Systems for PC, Mac, Steam, PC - Steam

GENRE

Action / Simulation / Educational / Local Multiplayer / Serious Game / Game for change

DESCRIPTION

Sloppy Forgeries is a fast-paced competitive painting game. Race to copy famous paintings as quickly and accurately as possible armed with a mouse, a limited palette, and a few simple paint tools. The more pixels correct, the higher the score. The game includes 50 masterpieces from art history, a stats-oriented single-player campaign mode, a two-mouse local multiplayer mode, an archive of past forgeries, and modifiers such as tiny brush, pixelated, upside down, and pointillism.
